Non-Contact Voltage Tester With Signal Strength

Detects 12–1000V In Wires, Outlets, And More, With A Bar Graph LCD That Displays Signal Strength

Reinforced Pocket Clip

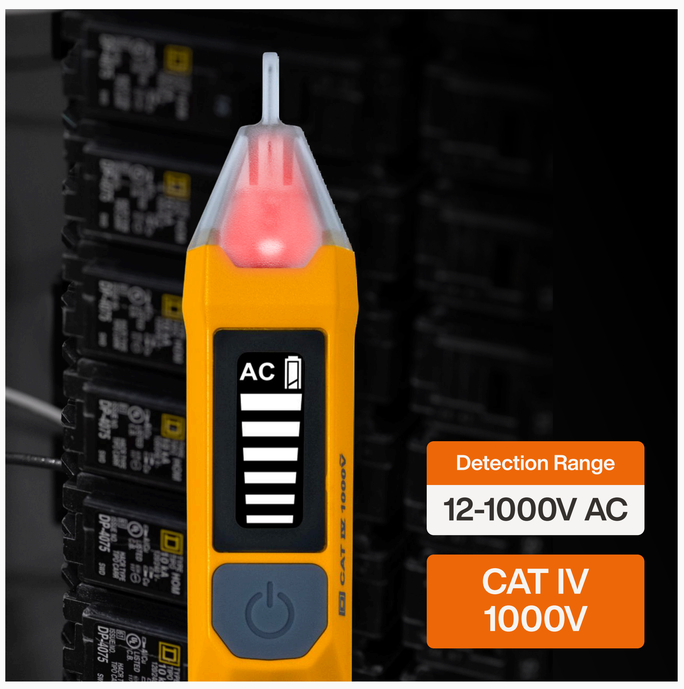
Battery Cap
Includes 2x AAA Batteries

3-Color LED Tip
Indicate when detecting zero voltage, low voltage, or standard voltage

Detects 12–1000V AC
Suitable for a wide range of applications

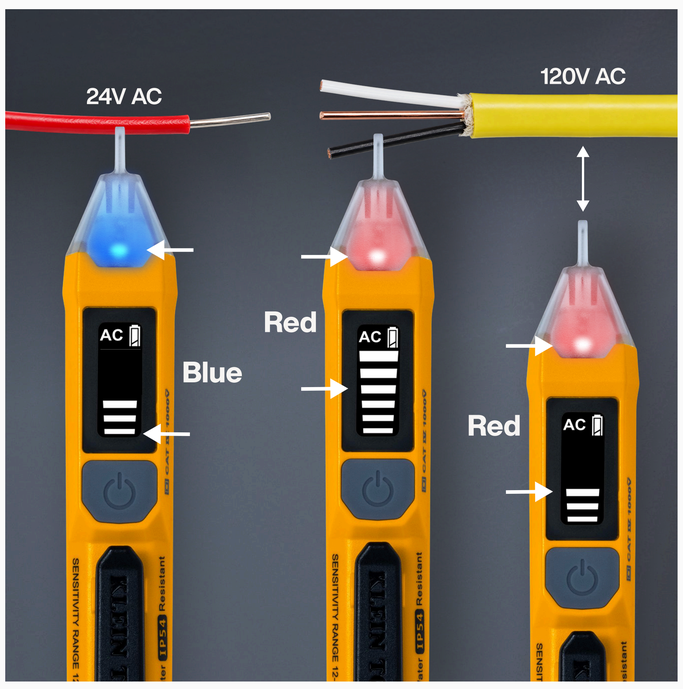
IP54 Rated

2 Meter Drop Tested



Bar Graph Display
More bars light up as voltage increases or as you move closer to source

Tri-Color LED
Indicates when detecting zero voltage, low voltage, or standard voltage



Signal Strength Indication
More bars indicate higher voltage and closer proximity to the source

NOTE: Tester may not be compatible with some types of standard or tamper resistant (TR) electrical outlets.

Cat. No.	UPC	Description
NCVT7	0-92644-69533-9	Non-Contact Voltage Tester with Signal Strength
