EMT CONDUIT

- Republic's unique diamond knurl pattern reduces contact surface area, speeding up installation.
- Proprietary Silverslick coating provides a smoother surface at the point of contact, easing wire pull and push.
- Special steel chemistry makes Republic's EMT the easiest conduit to bend currently available in the marketplace.

Form 5 Condulets

Crouse-Hinds series

E Conduit, Fittings & Boxes

FORM 7 CONDULETS®

These condulets match the conduit system for a neat, compact installation. The round backs of the condulets are ideal when used against a wall or ceiling, and the snapnigt and wedge-nut covers provide a clear and unobstructed cover opening. These condulets have tapered hubs and feature integral bushings for protection of wire insulation. **Form 7 has a removable cover even in corrosive conditions.**

E Conduit, Fittings & Boxes

PLASTI-BOND RED PVC-COATED RIGID STEEL CONDUIT

New Plasti-bond Red Coated Conduit from Robroy Industries is a completely encapsulated conduit system that provides total protection against corrosion inside and out.

- A 40 mil PVC exterior coating is permanently fused to hot dipped galvanized steel conduit.
- A tough, flexible, red urethane coating is applied to the interior of the conduit by an exclusive Robroy Industries process.
- A clear urethane coating applied over galvanized threads resists corrosion before and after installation.

Hidden internal corrosion cannot gain a foothold on Plasti-bond Red Coated Conduit. The exclusive Robroy red urethane interior coating is chemically cured, flexible, and won't chip or crack. The superior bond between the 40 mil PVC exterior coating and the galvanized steel conduit stops corrosion "undercreep".

DOTTIE PIPE SUPPORTS

DPS8

Dottie Pipe Supports are a revolutionary, lightweight, and cost effective solution for rooftop pipe supports. Their unique design makes it light enough to easily carry to the roof but strong enough to support extremely heavy loads. The Pipe Support is UV stabilized ABS/AES material and maintains its effectiveness and characteristics within a temperature range from -40°C (-40°F) to 100°C (212°F). The supports dual-channel configuration accepts strut straps (in the large channel) and 3/8" bolts and 3/8" threaded rods (in the small channel). The 4" pipe supports (DPS) can be cut to any length to fit any job thereby reducing waste. The versatile 8" precut (DPS8) is a fast and easy solution for any job. With a load resistance of 130 lbs / in, dual-channel design, they are the smart choices for any job, in any climate.

- Water & weatherproof
- Built-in dual channels for strut straps and 3/8" bolts & 3/8" threaded rods
- Load resistance = 130 lbs/in
- Cut-to-length & Precut lengths

FAN BOXES

FB405

The FB405 offers the flexible, economical solution to 1/2" and 5/8" drywall ceiling, with or without hat channel or furring strips. The FB405 is perfect for double joists or wood I-beams.

FB415

FB415 comes with the screws you need to install the box and bracket, held captive until you're ready to use them. These boxes have gripping tangs that press-hold the box to the joist while you reach for your screwdriver. Tightening the center screw affixes the box onto the joist for a supersecure installation.

 Vendor Code: **ARL**

Catalog Number	Description	Ctn. Qty.	Price per 100 pcs.
FOR 1/2" AND 5/8" DRYWALL			
FB405	Pancake Fanbox	25	646.41
FB415	Fanbox	25	657.38

2-hour fire rating

 UL Rated: 70 lb. fans, fixtures up to 200 lbs.
 CSA: Fans/fixtures up to 50 lbs.

ROUND BOX COVERS

Covers unused 3-1/2" and 4" round and octagonal boxes prior to the installation of a fan or fixture. Non-rusting, paintable plastic.

- Deeper cover works with pan boxes without the need to cut the post
- Use #8 screws provided or back out existing screws to accept notched bracket
- Bracket has two separate cover mounting options. Threaded post pushes in, for flat ceilings, or screws on for textured/uneven ceilings.

RECESSED FLOOR BOX COVER KITS IN BOX™ NON-METALLIC AND METALLIC

Cover kits are recessed and install into the can so they look great, and reduce the trip hazard caused by plugs sticking out of the box.

- You can have power and low voltage in the same box.
- In Box Cover Kits are available with metal flanges in brass, or nickel plated brass.
- Plastic covers are available in five colors: light almond, gray, caramel, black, and brown.
- They are easy to install in Arlington's FLBC4502 box.
