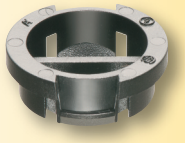
Save money with Arlington's non-metallic **Black Button**™ NM cable connectors. They're the *lowest cost* NM cable connectors on the market, and the fastest to install! Simply push the connector into the knockout, and you're done.

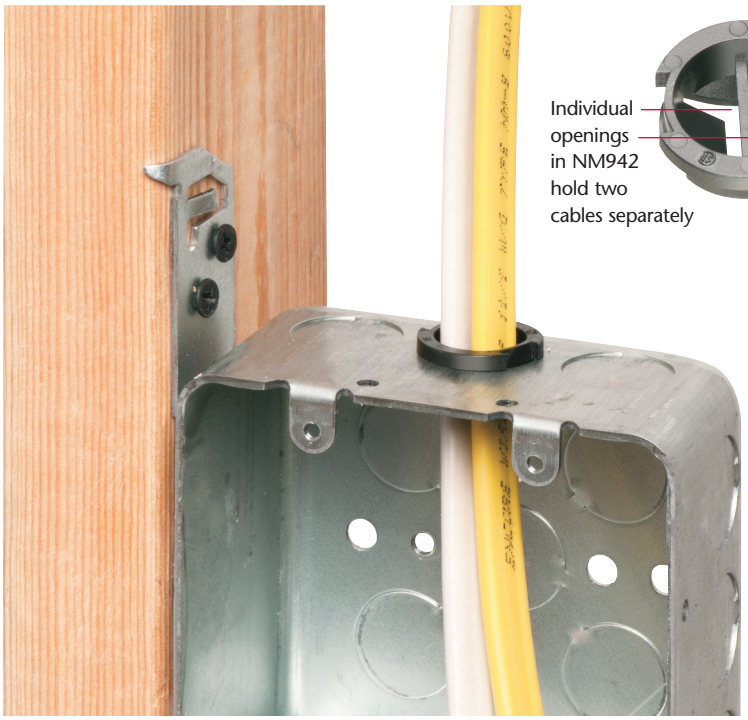
Listed for single or multiple cables, Arlington's Black Button connectors offer smooth, easy cable insertion **into a single opening**.

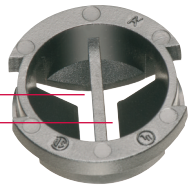
- Removable, reusable
- 1/2", 3/4" and 1" trade sizes

NEW!



NM942
1/2"





Individual openings in NM942 hold two cables separately

Our new 1/2" NM942 holds one *or two* cables, in **two separate openings:**

- One *or two* 12/2
- One *or two* 14/2, or *one* 12/2 *and one* 14/2

Use a screwdriver to remove NM942 from box. It's reusable!
