Descriptions	
Description	CH 2-POLE GFCI BREAKER, 60A, PIGTAIL
extra long description	ETN CHFN260GF CH 2-Pole GFCI Breake
Long Description Product Type	Eaton's residential CH circuit breakers provide premium overload protection. The Type CH circuit breakers trip to the OFF position, eliminating nuisance callbacks. The CHF family also includes a trip flag to differentiate between a trip and the breaker being turned off. The thermal-magnetic trip curve avoids nuisance tripping on mild overloads while reacting almost instantaneously to severe short-circuit conditions. Multiple breakers have an internal common trip connection to operate all poles simultaneous CH 2-Pole GFCI Breaker, 60A, Pigtail, 10kAIC, Class-A GFCI, 5 mA personnel Protection, #14-3 AWG
