- Minimum starting temperature is -40°C (-40°F) for HPS and 30°C (-20°F) for MH and MHPS

- U.L. listed for damp location. CSA certified

- 65°C (149°F) ambient operation

- Approx. net weight: 30 lbs. (13 kgs.)

Maximum height 24 1/8" [613mm]

15" [381mm]

Photometry

Mounting Height	Footcandle Value for Isofootcandle lines					Watts	Multiplier		
	A	B	C	D	E		HPS	MH	MP
25'	5.00	2.00	1.00	.50	.20	400	1.29	1.00	1.22
30'	3.47	1.39	.69	.35	.14				
35'	1.63	.65	.33	.16	.07				

Example of 400W MH at 25ft. mounting height, 36,000 lumen lamp

Accessories

Cord (C3)
3' 16/3 white cord (order hook separately)

Cord & Plug (PC3-120V)
3' Cord with NEMA 120V L5-15P Plug

Cord & Plug (PC3-208V)
3' Cord with NEMA 208V L6-15P Plug

Cord & Plug (PC3-240V)
3' Cord with NEMA 240V L6-15P Plug

Cord & Plug (PC3-277V)
3' Cord with NEMA 277V L7-15P Plug

Cord & Plug (PC3-480V)
3' Cord with NEMA 480V L8-20P Plug

Hook (FH-1)
Die-cast aluminum hook with 3/4" threads

Loop (FL-1)
Malleable iron plated fixture loop with 3/4" threads

Safety Glass (SGB15)
Safety glass bottom for 15" aluminum reflector, not compatible with WG15. 2005 NEC Compliant

Wire Guard (WG15)
Heavy-gauge 15" wire guard provides additional lamp protection

Safety Hook (SHK)
Die-cast aluminum hook with safety screw and 3/4" threads

Thru-Way Mounting Box (TWMBS)
Surface mounted thru-way mounting box objects

Wire Guard w/Safety Glass (WG15/GLC)
Heavy-gauge 15" wire guard and safety glass lens provides additional lamp protection
