

Electrical Enclosure Solutions

800-657-6100 unitymfg.com

Welcome to Unity Manufacturing!

Unity Manufacturing is an independent, Texas-based manufacturer of electrical enclosures. For three generations, customers have chosen Unity Manufacturing for our in-stock inventory and reliable on-time delivery.

Richard "Dick" Buferd Sr. founded the family business in 1970. Dick soon retired and his son Rick Buferd led the evolution

of the business from a handful of employees to a full-scale operation with more than 100 employees. Richard Buferd III joined the company in 2009 to advance the family tradition of uncompromising customer service.

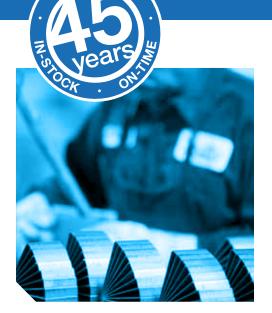

Today, just as much as ever, listening to and understanding

customer needs is our top priority. If fact, your voice is critical to helping us find ways to serve you better. Contact us today to experience the personal service and product quality that continue to distinguish Unity Manufacturing.

Rick Buferd

TABLE OF CONTENTS

Our Mission

INDEPENDENT

As an independently owned manufacturer, Unity Manufacturing has the flexibility to deliver an unrivaled customer service experience.

IN-STOCK

With one of the largest inventories in Texas, you can depend on Unity to have what you need when you need it.

ON-TIME

We understand that your project timelines are more demanding than ever. With competitive lead times and reliable on-time delivery, you can count on Unity Manufacturing to keep you on track.

Screw Cover Hinge Cover Recessed Cover Panel Enclosures Telephone Cabinets

Screw Cover - Powder Coated

- Designed for use as junction and pull boxes
- Stock inventory sizes from 4x4x4 to 48x48x18
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Covers feature keyhole slots which allow the plated screws to stay in place and make for easy installation
- Embossed grounding provision on sizes up to 24x24x12
- Holes are incorporated into the back of enclosure for easy mounting
- Available with or without knockouts

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

INDUSTRY STANDARDS

- Type 1 UL 50 and UL 50E: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

Screw Cover - Galvanized

- Designed for use as junction and pull boxes
- Stock inventory sizes from 4x4x4 to 48x48x18
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from G90 galvanized steel
- Covers feature keyhole slots which allow the plated screws to stay in place and make for easy installation

FINISH

G90 galvanized steel

INDUSTRY STANDARDS

- Type 1 UL 50 and UL 50E: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

ACCESSORIES

Replacement Screw Cover Lid - Galvanized

- Manufactured from G90 galvanized steel
- Keyhole-slotted covers allow plated screws to stay in place

Hinge Cover - Powder Coated

- Designed for use as surface mounted junction, service, switch and cut out boxes
- Stock inventory sizes from 6x6x4 to 24x24x6
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Mounting holes provided
- Hinged, stamped hinge standard through 18" height
- Recessed plated pull ring standard to 18x18, large pull down hasp standard on boxes larger than 18x18
- Other hardware options available
- Available with or without knockouts
- Galvanized available upon request

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

- Type 1 UL 50 and UL 50E: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

Telephone Cabinet – Flush Mount

- Designed to enclose communication wiring, signal systems, junction or pull box and switch enclosure
- Stock inventory sizes from 8x8x4 to 24x36x6
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Key lock with push-to-close latch
- Hinged, removable flush cover

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

- Type 1 UL 50 and UL 50E: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

Telephone Cabinet – Surface Mount

- Designed to enclose communication wiring, signal systems, junction or pull box and switch enclosure
- Stock inventory sizes from 8x8x4 to 24x36x6
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Key lock with push-to-close latch
- Hinged, removable cover
- G90 galvanized steel version available

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

- Type 1 UL 50 and UL 50E: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

Screw Cover - Galvanized

- Designed for use as junction and pull boxes
- Stock inventory sizes from 4x4x4 to 48x48x18
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from G90 galvanized steel
- Drip shield top, seam-free sides
- Slip-on cover without gasket

FINISH

G90 galvanized steel

- Type 3R UL 50 and UL 50E: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, and damage from external ice formation.
- RoHS compliant

Shoebox Gasketed Weatherproof

- Designed for use as wiring boxes, junction and pull boxes
- Stock inventory sizes from 6x6x4 to 24x24x8
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Continuous welded seams are finished smooth
- Gasketed cover with flanged sides
- Cover attached with gasketed screws
- 10-32x1/2" Cu ground stud
- External mounting tabs

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

TYPE 3 AND 3R ENCLOSURES

CABLE MANAGEMENT SOLUTIONS

Notes

CABLE MANAGEMENT SOLUTIONS

Type 1 Wireway
Type 1 Wireway Fittings
Type 3R Wiring Troughs

Type 1 Flat Lid Wireway – Powder Coated

- Designed to protect electrical wiring where dust, dirt, oil and water are not serious problems
- Stock inventory sizes from 4x4x12 to 12x12x120
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- All sections and fittings are fully open on one side so wires and cables can be laid in along an entire run. No pulling-through of wires or cables is required.
- Features screw cover flat lid with keyhole slots
- Available with and without knockouts

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

- Type 1 UL 870: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

Type 1 Flat Lid Wireway – Galvanized

- Designed to protect electrical wiring where dust, dirt, oil and water are not serious problems
- Stock inventory sizes from 4x4x12 to 12x12x120
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from G90 galvanized steel
- All sections and fittings are fully open on one side so wires and cables can be laid in along an entire run.
 No pulling-through of wires or cables is required.
- Features screw cover flat lid with keyhole slots

FINISH

G90 galvanized steel

- Type 1 UL 870: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

Type 1 Removable Hinge Cover Wireway

- Designed to protect electrical wiring where dust, dirt, oil and water are not serious problems
- Stock inventory sizes from 4x4x12 to 12x12x120
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- All sections and fittings are fully open on one side so wires and cables can be laid in along an entire run. No pulling-through of wires or cables is required.
- Available with and without knockouts

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

- Type 1 UL 870: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

CABLE MANAGEMENT SOLUTIONS

- This drawing is for illustration purposes only and does not depict any particular installation method
- Top or bottom on all Elbows, Tees and Crosses are removable for lay-in wire or cable installation
- All Elbows, Tees and Crosses can be used in the vertical or horizontal plane
- WW covers are not shown for illustration only
- Dividers available

X-Ray Wireway & Fittings – (10-inch Width)

- Design for use with x-ray equipment to protect electrical wiring where dust, dirt, oil and water are not serious problems.
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- All sections and fittings are fully open on one side so wire and cables can be laid in along an entire run.
 No pulling through of wires or cables is required.
- Features screw cover flat lid with keyhole slots

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

INDUSTRY STANDARDS

- Type 1 UL 870
- RoHS compliant

X-Ray Wireway & Fittings – (18-inch Width)

- Design for use with x-ray equipment to protect electrical wiring where dust, dirt, oil and water are not serious problems.
- Custom sizes and modifications available

Type 3R Wiring Trough – Powder Coated

- Designed to protect wiring indoors from dripping water, or outdoors from rain, sleet and snow
- Stock inventory sizes from 4x4x12 to 12x12x144
- Custom sizes and modifications available

SPECIFICATIONS

- Formed from code gauge, low carbon steel
- Drip shield top, seam-free sides
- Accumulation-free bottom
- Slip-on cover without gasket
- Embossed mounting holes provided
- New padlock provision available on most sizes

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

- Type 3R UL 870: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, and damage from external ice formation.
- RoHS compliant

Type 3R Wiring Trough – Galvanized

- Designed to protect wiring indoors from dripping water, or outdoors from rain, sleet and snow
- Stock inventory sizes from 4x4x12 to 12x12x144
- Custom sizes and modifications available

SPECIFICATIONS

- Formed from G90 galvanized steel
- Drip shield top, seam-free sides and accumulationfree bottom
- Slip-on cover without gasket
- Embossed mounting holes provided
- New padlock provision available on most sizes

FINISH

G90 galvanized steel

- Type 3R UL 870: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, and damage from external ice formation.
- RoHS compliant

UTILITY AND STORAGE CABINETS

Current Transformer Cabinets
AEP Approved CT Cans
Type 3R Telco Boxes
Spare Fuse Cabinets

Type 1 CT Cabinets -Single Door (Powder Coated)

- Designed for use in a wide variety of applications including transformer housing, junction and service enclosures
- Many sizes, styles, back panel and customization options available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Single door hinged construction, standard enclosure is hinged on left side
- Padlock handle or Locking T-handle, 3-pt locking mechanism included on all 48" tall enclosures
- Studs installed for mounting optional back panel
- Mounting holes provided

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

INDUSTRY STANDARDS

- Type 1 UL 50 and UL 50E: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

ACCESSORIES

Back Panel - White Powder Coated

- Back panel sold separately
- Manufactured from code gauge, low carbon steel

Type 3R CT Cabinets – Single Door (Powder Coated)

- Designed for use in a wide variety of applications including transformer housing, junction and service enclosures
- Many sizes, styles, back panel and customization options available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Single door hinged construction, standard enclosure is hinged on left side
- Padlock handle or Locking T-handle, 3-pt locking mechanism included on all 48" tall enclosures
- Studs installed for mounting optional back panel
- Mounting holes provided

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

INDUSTRY STANDARDS

- Type 3R UL 50 and UL 50E: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, and damage from external ice formation.
- RoHS compliant

ACCESSORIES

Back Panel - White Powder Coated

- Back panel sold separately
- Manufactured from code gauge, low carbon steel

Type 1 CT Cabinets – Double Door (Powder Coated)

- Designed for use in a wide variety of applications including transformer housing, junction and service enclosures
- Many sizes, styles, back panel and customization options available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Double door hinged construction
- 3-pt Padlock handle or 3-pt Locking T-handle included
- Studs installed for mounting optional back panel
- Mounting holes provided

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

INDUSTRY STANDARDS

- Type 1 UL 50 and UL 50E: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- RoHS compliant

ACCESSORIES

Back Panel - White Powder Coated

- Back panel sold separately
- Manufactured from code gauge, low carbon steel

Type 3R CT Cabinets – Double Door (Galvanized)

- Designed for use in a wide variety of applications including transformer housing, junction and service enclosures
- Many sizes, styles, back panel and customization options available

SPECIFICATIONS

- Manufactured from G90 galvanized steel
- Double door hinged construction
- Padlock handle or Locking T-handle, 3-pt locking mechanism included on all 48" tall enclosures
- Studs installed for mounting optional back panel
- Mounting holes provided

FINISH

G90 galvanized steel

INDUSTRY STANDARDS

- Type 3R UL 50 and UL 50E: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, and damage from external ice formation.
- RoHS compliant

ACCESSORIES

Back Panel - Galvanized

- Back panel sold separately
- Manufactured from G90 galvanized steel

Type 3R AEP Approved CT Cans

- Designed to meet American Electric Power standards for current transformer enclosures
- Many sizes, styles, back panel and customization options available

SPECIFICATIONS

- Manufactured from code gauge G90 galvanized steel and powder coated
- Single door construction for 36x36 enclosure. Double door construction for 48x48 and 60x60 enclosures.
- Padlockable hasp
- 3/4" treated wood back panel installed
- American Electric Power-approved current transformer enclosure

FINISH

Standard: Gunsmoke Gray Powder Coated

INDUSTRY STANDARDS

 Type 3R - UL 50 and UL 50E: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, and damage from external ice formation.

Type 3R Telco Boxes

- Designed for use in a wide variety of applications including telephone cabinets, transformer housing, junction and service enclosures
- Custom sizes and modifications available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Hinged doors
- Locking T-handle, 3-pt locking mechanism included on all 48" tall enclosures
- Single door construction up to 36x36 enclosure. Double door construction for 48x48 and 60x60 enclosures.
- Plywood back panel installed

FINISH

- Standard: Gunsmoke Gray Powder Coated
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

INDUSTRY STANDARDS

- Type 3R UL 50 and UL 50E: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, and damage from external ice formation.
- RoHS compliant

Spare Fuse Cabinets

- Provides secure shelved environment for the storage of spare fuses and other items
- Many sizes, styles and customization options available

SPECIFICATIONS

- Manufactured from code gauge, low carbon steel
- Features continuous hinge from top of enclosure to bottom
- Keyhole-style holes on 16" centers for easy wall stud mounting
- Convenient inventory card pocket on inside of door
- Two reinforced shelves
- Individually packaged for quick UPS delivery

FINISH

- Standard: Gunsmoke Gray Powder Coated
- G90 galvanized steel version available
- Optional powder coat colors and custom silkscreen printing available (see pg. 48)

INDUSTRY STANDARDS

RoHS compliant

CUSTOM ENCLOSURE SOLUTIONS

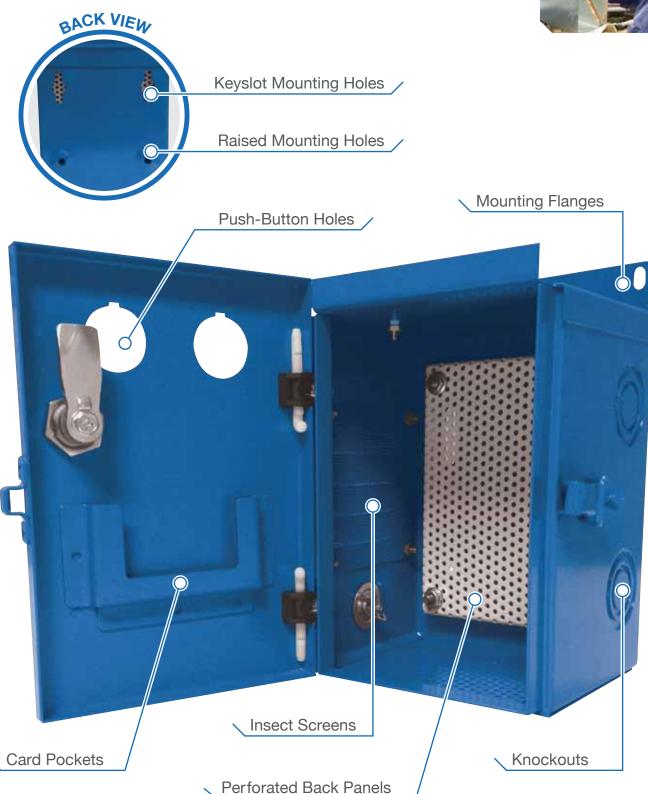

Custom Engineered Solutions for Your Custom Enclosure Needs

When you're looking for innovative enclosure solutions to improve labor efficiency, or meet job- or industry-specific requirements, our engineering team can help translate your ideas into reality.

CUSTOM ENCLOSURE SOLUTIONS

see full list of capabilities & industries served and powder coating color options

CUSTOM ENCLOSURE SOLUTIONS

Unity Manufacturing offers robust custom manufacturing capabilities. From modification of our stock product line to engineered-to-order, Unity's team of engineers can custom tailor an enclosure solution to your exact specifications.

CAPABILITIES

- High Volume Stamping
- Conveyorized and Batch **Powder Coating**
- Custom Silkscreen Printing
- Louvers and Vents
- Knockouts
- Custom Powder Coat Colors
- Various Latching Mechanisms

INDUSTRIES SERVED

- Medical
- Oil and Gas
- Irrigation System
- Security and Fire Alarm
- Pool and Spa
- Energy Saving

- UL-Approved (US and Canada)
- Custom Holes, Cutouts and **Push-Button Holes**
- Removable Hinge Covers
- Wood, Metal and Perforated Metal Backpanels
- AutoCAD, SolidWorks and **CAD Software**
- HVAC Control
- Transformer Enclosures
- Environmental
- Government Jobs
- Public Transportation
- Motor Controls

- CAD File Conversion
- Design and Engineering
- Low-to-High Volume
- Tooling Design
- Large Enclosures
- Technical Support
- Laser
- Mig/Tig Weld
- Elevator
- Landscape Lighting
- Warehouse Automation
- Telecom

For more information about Unity Manufacturing's custom enclosure capabilities, visit us online at www.unitymfg.com or call 800-667-6100.

Powder Coating Color Options

Unity Manufacturing and TCI Powder Coatings have teamed up to create an extensive line of stock powder coating colors, metallics, textures and special effects. The general paint description and/or RAL# are provided below. Custom Powder Coating can assist you in choosing the correct coating and color for your application.

For additional custom colors options, specialty services and choosing the correct coating and color for your application, please contact Unity Manufacturing to learn how we can meet your professional powder coating needs!

TERMS AND CONDITIONS

UNITY ENCLOSURES are sold through wholesale distributors nationwide.

TERMS: Two percent (2%) 10th prox net 30 days. All orders shipped by the 25th of the month are payable on the 10th of the following month.

MINIMUM BILLING: One hundred dollars (\$100.00) Net plus transportation charge.

ERRORS: All clerical errors subject to correction.

FREIGHT: Liberal freight terms, consult factory. There will be a \$5.00 handling charge for all prepay and charge shipments.

LOSS OR DAMAGE IN TRANSIT: Our responsibility ceases with delivery to the carrier, at which time title passes to the purchaser and all claims for loss, damage or delay must be made to the carrier by the purchaser.

SHIPPING SCHEDULES: Published lead times and estimated shipping dates are only approximate based on the normal uninterrupted flow of production activity and are in no way guaranteed.

RETURN POLICY: No goods may be returned without first obtaining our express written permission. Goods that arrive without permission will be refused and returned to the shipper. Only standard catalog items will be considered for return. Items must be of current design and in resalable condition, which were shipped not more than one year prior to date of return request. Return shipment must be on a prepaid freight basis. Only a credit memo can be issued for return goods and this memo will be subject to a deduction for outgoing freight similar to that of the return cost, a 20% restocking charge and the cost of any rework required.

CANCELLATION: An order once placed with us and accepted by us can be cancelled only with our express written consent and upon terms that will indemnify the company. Orders for SPECIALS, or standard goods in quantities larger than normal inventory, may NOT be cancelled once order is placed in production.

SPECIALS: Unity Manufacturing welcomes the opportunity to quote on your special enclosure needs. Many custom features can be provided. Purchase orders received for non-catalog items are not cancelable and after shipment may not be returned.

PRICES: Unity Manufacturing reserves the right to change the prices, specifications, materials or the availability of products without prior notice. Unity Manufacturing is not responsible for inaccuracies resulting from undetected errors, omissions or price discrepancies. Prices effective August 1, 2014.

WARRANTY: Unity Manufacturing warrants that its products shall be free from defects in material for a period of one year from date of shipment from its plant. If after our inspection a defect is revealed, Unity Manufacturing will not be held responsible for (1) any amount beyond the price of the product, (2) any unauthorized repair. This warranty shall not apply to any product that shows evidence of neglect, misuse or misinstallation, or that has been repaired or altered by any party other than this company. This warranty is and shall be in lieu of all other warranties, expressed or implied.

All products manufactured in the U.S.A. Commercial and Government Entity (CAGE) Code OHTC9.

UL TYPE RATINGS

- TYPE 1: Intended for indoor use primarily to provide a degree of protection against limited amounts of falling dirt.
- TYPE 3: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, wind blown dust and damage from external ice formation.
- TYPE 3R: Intended for outdoor use primarily to provide a degree of protection against rain, sleet, and damage from external ice formation.

MEMBER OF NEMRA
