Ergo Electrician's Scissors

PN 10515C

A total ergonomic design that is outside the box thinking. It will feel like it was custom made. The cushioned grip non-slip handle adds extra leverage for easy cutting, less wrist stress and NO pinch points. The professional installer's choice!

Scissor-Run Scissors – 5"
PN 10517C

An original favorite, this smooth cutting action, scissor-run design is excellent for cutting Kevlar®, foil and wire. Cuts solid wire up to 16 AWG and stranded up to 12 AWG. Strips 19 and 23 AWG.

Free-Fall Scissors – 5"
PN 10518C

A Linemen favorite! The Free-Fall design makes it a true, Telcom scissor. Hold the point of one blade straight up and the other at 180°, let it drop; it free falls and stop ¼" from the point enabling the Linemen to use their fingertips to operate the snips.

Leather Pouch, Knife and Scissors Kits

These kits provide simple solutions for the professional installer. Each kit includes a 6" nickel plated cable splicer's knife with a comfortable, non-slip grip, weighted handle, and your choice of scissors in a durable leather belt pouch.
