Made in the USA

# Ericson Manufacturing Company offers a wide variety of plugs and connectors to fit your needs.

PERMA	<ul> <li>Two-screw cable clamp secures cord and provides superior strain-relief</li> <li>Withstand high impact, corrosion, oils, greases, solvents and other chemicals across -20 °C to + 100°C</li> <li>Individual wire pockets help prevent flashovers</li> <li>Rubberized outer housing for superior grip and impact resistance</li> <li>Flexibility of reverse-cover design creates weather-resistant connections by interchanging covers</li> <li>Internal cord seals keep out water/mud/dust</li> <li>Available in all black</li> </ul>
PERMASGRIP™	<ul> <li>Quick field assembly with cord grip nut</li> <li>Superior water/mud/dust resistance provided by safety compression cord grips</li> <li>Withstand high impact, corrosion, oils, greases, solvents and other chemicals across -20 °C to + 100°C</li> <li>Flexibility of reverse-cover design (straight blade devices) creates weather-resistant connections by interchanging covers</li> <li>Custom marking available on cord grip nut</li> <li>Available in all black</li> </ul>
PERMACTITE®2	<ul> <li>Tongue &amp; groove sealing system provides extreme environmental protection of: <ul> <li>NEMA Type 4, 4X, 6, 6P &amp; IP67</li> </ul> </li> <li>Devices resist high-pressure hose down of 1,500 psi.</li> <li>Withstand high impact, corrosion, oils, greases, solvents and other chemicals across -20 °C to + 100°C</li> <li>Removable/replaceable self-retained sealing cap provided with connector to keep out contaminants when not in use (plug cap also available)</li> <li>Custom marking available on cord grip nut</li> <li>Available in all black</li> </ul>
50 Amp Devices	<ul> <li>Rugged nylon construction resists impact, corrosion and jobsite oils/chemicals</li> <li>Quick field assembly, with color coded markings</li> <li>Nickel plated blades and stainless steel screws provide optimum corrosion resistance</li> <li>Boots can be threaded together with the optional sealing collar system to provide maximum environmental protection</li> <li>Available in plugs, connectors, inlets and receptacles</li> <li>Rubberized grey "Twist-Grip" for ease of connection</li> </ul>
Commercial Grade	<ul> <li>Translucent body allows device to glow from power on lamp (EL Models)</li> <li>Wide open "suitcase" style construction makes wiring easy</li> <li>Fits 10/3 to 18/3 cord diameters</li> <li>Rugged design withstands abuse on the jobsite</li> <li>Color coded termination screws for ground, hot and neutral</li> <li>Combo screw heads speed up installation</li> <li>Rubberized "grip" cushions and surrounds device</li> <li>Economy priced</li> </ul>

#### Features of All SmartMonitor<sup>™</sup> Plugs & Connectors:

- Super bright 2-color LED technology
- SmartMonitor™ Module
- Easy to wire
- Clear internal wiring cover
- Multiple cord grommets included
- Makes OSHA safety compliance easy
- and cost effective

#### **3 Styles to Pick From:**

- Perma-Link<sup>®</sup>
- Perma-Grip<sup>™</sup>
- Perma-Tite<sup>®</sup> 2

#### 24/7 Monitoring of These 7 Events

- No Ground
- Loss of Ground In Cord
- Hot/Neutral Swap
- Reverse Polarity
- Hot on Ground
- Open Neutral

New From Ericson... Industrial application SmartCords factory built to last and last. Models with Smart Connector (Economy Safe) and both Smart Plug and connector are available. 24/7 monitoring with Assured Grounding Compliance to NEC and OSHA standards. Built with the highest quality materials to withstand your environment.

#### FS Series Single Receptacles & Male Inlets Under All Weather Flip Covers

- Weather resistant boot seals around Ericson Perma-Tite plug to provide weather resistant protection
- Spring-loaded flip-lid covers receptacle when not in use
- Includes cover plate, rubber boot, stainless steel mounting plate/mounting screws
- Impact, chemical & corrosion resistant construction stands up to demanding environments
- Mounts easily to 6200 or 6300 series FS/FD boxes and any flat surface
- Collar plug seals and grips all types of round plugs or connectors

#### **Double Outlet Receptacle with Cover Plates - PWDX Series**

- Weather resistant boot seals around Ericson Perma-Tite plug to provide weather resistant protection
- Spring-loaded flip-lid covers the receptacle when not in use
- Two independent fully rated receptacles in one easy to install assembly
- Impact, chemical & corrosion resistant construction stands up to demanding environments
- Mounts easily to 6200 series FS/FD boxes and any flat surface

#### **Adapters**

#### **NEMA Change Adapters**

Now make quick, secure connections between straight-blade and locking plugs and connectors with Ericson's NEMA configuration adapters.

- Heavy-duty non-conducting housing and using heavy gauge solid brass blades
- Compact size makes them easy to use and transport
- Available in molded style or short cords

# PERMAITITE® 2 Plugs and Connectors

Perma-Tite®2 plugs and connectors are engineered and manufactured to the highest guality standards to provide the ultimate in electrical service and protection. They are designed and proven to do their best under the worst conditions in a broad array of the most severe food processing, industrial, marine, construction and petro-chemical work environments.

UL Listed & CSA Certified, some ETL Listed

WIRING DEVICES

- Tongue & groove sealing system provides environmental protection of: NEMA Type 4, 4X, 6, 6P & IP67
- Devices resist high-pressure hose down of 1,500 psi.
- Plug & Connector bodies made with PBT chosen for its high resistance to moisture absorption, high voltage arcing and carbon tracking
- Keyed body and cover for easy alignment/assembly
- Color coded sealing bushings are provided to fit a variety of cord diameters
- Removable/replaceable self-retained sealing cap provided with connector to keep out contaminants when not in use
- Nickel plated blades for corrosion resistance
- Transparent back-plate makes for guick visual wiring checks
- Ericson's new brilliant Blue and Radiant Yellow High Visibility Dual Color Safety System symbolizes that legendary Ericson Quality

#### ERICS N 1-800-ERICSON (374-2766) • www.ericson.com

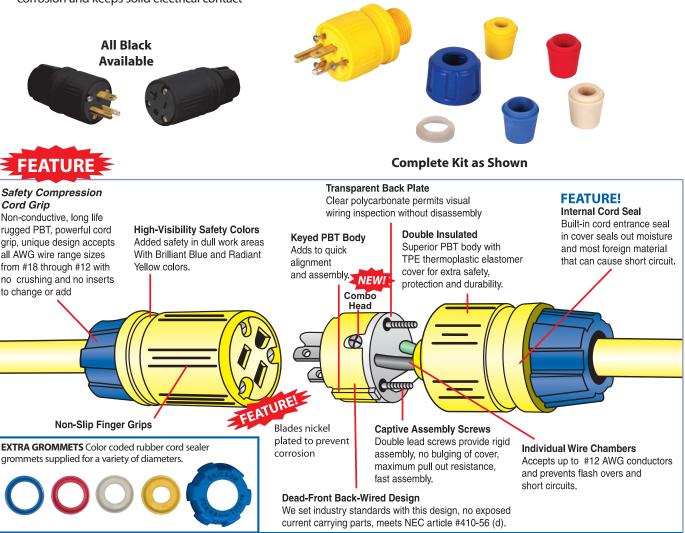

- UL Listed and CSA Certified, some ETL Listed
- Quick field assembly, no cable clamp screws to tighten, simply twist on the cord grip nut
- Water/mud/dust resistance provided by safety compression cord grips
- Keyed body and cover for easy alignment/assembly
- Color coded rubber cord-seal bushings accommodate a wide range of cable diameters
- Molded-in non-slip fingers grips makes devices easy to assemble and handle
- Withstand high impact, corrosion, oils, greases, solvents and other chemicals across -20 °C - +65 °C
- Nickel plated brass blades and ground pin stops corrosion and keeps solid electrical contact

# **ERICSON EXCLUSIVE**

#### PERMASGRIP<sup>®</sup> Plugs and Connectors

Ericson's industry exclusive design combines the Perma-Tite® cord grip with the industry proven design of its Perma-Link® devices to provide a line of incredibly tough plugs and connectors that stand up to the most demanding industrial and construction environments.

- Individual wire pockets help prevent flashovers
- Transparent back plate speeds wiring inspection
- Selected models available with Ground Continuity Monitor
- Available individually or on factory assembled cord sets
- Flexibility of reverse-cover design (straight blade) devices) creates weather-resistant connections by interchanging covers
- Ericson's exclusive Brilliant Blue and Radiant Yellow High Visibility Dual Color Safety System

Note: Add - BLK for all black as available.

saving installation.

fast assembly.

that can cause short circuit.

#### **Versatile Weather-Resistant Field Conversion**

Our Perma-Link<sup>®</sup> plugs and connectors (as listed below) are designed so they can easily be converted to create weatherresistant connections by interchanging the internal assemblies. Insert the plug body into the connector cover, and the connector body into the plug cover. There are no extra parts to purchase.

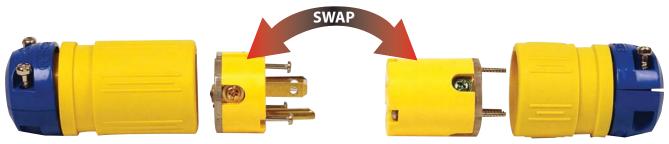

#### Step 1:

# **Disassemble The Plug & Connector As Shown**

#### Step 2:

#### **Swap Plug & Connector Assemblies**

#### Step 3:

#### **Assemble Cords Per Bag Instructions**

This Non-NEMA configuration, commonly called the "crowsfoot", is widely used in critical applications that require equipment to be plugged into a specific electrical system to ensure proper function or to prevent equipment damage.

#### **Typical Applications**

- Low-voltage hand lamps and matching transformers
- Data acquisition/logging equipment to detect level and flow measurements on tanks and valves
- Sensitive electronic equipment that must be used on voltage regulated circuits

#### Features Guide

WIRING DEVICES

- Plug and connector bodies made with PBT chosen for its high resistance to moisture absorption, high voltage arcing and carbon tracking.
- Transparent back-plate makes for quick visual wiring checks.
- Keyed body and cover for easy alignment/assembly.
- Color-coded sealing bushings are provided to fit a variety of cord diameters.
- Perma-Tite® 2 devices have the eight-point rubber tongue and groove sealing system to provide environmental protection.
- Rubber sealing cap provided with Perma-Tite® 2 connector to keep out contaminants when not in use.
- Optional plug cover available order catalog number 15PW.
- Ericson's exclusive Brilliant Blue and Radiant Yellow High Visibility Dual Color Safety System.
- Perma-Tite<sup>®</sup> 2 devices rated NEMA 4, 4X, 6, 6P & IP67.

# **Commercial Grade Plugs & Connectors**

The Ericson 5266 and 5269 Series of Commercial Grade plugs offer the latest in design innovation and quality in an economy grade wiring device. The demands of today's electrical industry are met with this new design with features never before seen in a commercial device. Designed to provide years of trouble free service in demanding industrial, construction and rental environments. Available in 2 styles, with and without the power on "glow" module to light up the entire device.

- 2 styles with and without internal lamp module (see chart)
- Translucent body allows device to glow from power on lamp
- Tough, soft feel, rubber overmold grip surrounds device body
- Wide open "suitcase" style construction makes wiring easy
- Two captive screw body clamp design is easy to assemble
- Cord diameter matching inserts fit a wide range of cord sizes
- Solid brass blades for optimum electrical contact
- Fits 10/3 to 18/3 cord diameters\*
- Rugged design withstands abuse on the jobsite
- Clear internal conductor cover allows visual inspection
- Color coded termination screws for ground, hot and neutral
- Combo screw head

Ericson's PWDX Series of all weather, heavy duty double outlet receptacles are ideal for a wide range of demanding applications where splash and hose-down protection is required. A perfect fit for food and liquid processing facilities, the non-metallic enclosure and optional cord grip construction guards against metal and glass fragments that can pose health and safety risks, while the extra deep internally sealed spring-loaded flip covers provide protection when not in use.

The versatile PWDX Series receptacles, when mated with Ericson's Perma-Tite2 plugs, provide NEMA 4X levels of protection against dust, rain, hose/spray, chemical, and snow/ice. The 8-point seal-tite mating design seals around the plug to provide unmatched weather resistance.

Flexible mounting configurations, including pendant, rigid conduit, wall and "stringer" cordset, make this an ideal solution for a wide range of applications including:

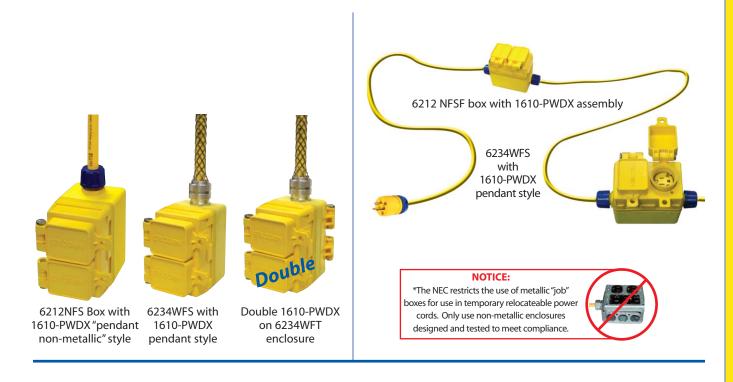

- Food Processing
- Vehicle / Engine Heater
- Venue Landscape
- Beverage Processing
- Pulp / Paper Mills
- Outdoor Events
- Marina Ship-to-shore
- Utilities
- Automotive
- Petro-Chemical
- Refineries
- Harsh Environments

Made in the USA

NOTES:

1. Does not include receptacle. Use with standard receptacles of same electrical ratings.

# Single Male Inlet Assemblies with Cover Plates - 2705 FS Series

- Weather resistant boot seals around the connector to provide weather resistant protection
- Spring-loaded flip-lid covers inlet when not in use
- Includes cover plate, rubber boot, stainless steel mounting plate/mounting screws
- Impact, chemical & corrosion resistant construction stands up to demanding environments
- Mounts easily to any 6200 series FS/FD boxes or any flat surface
- Spring Loaded SS hardware flip cover

#### **Application Notes:**

The 2705 FS series of male inlets is designed for all weather power inlet on a variety of applications. The heavy duty flip cover assembly and superior round sealing collar provides a superior seal against the elements. Use for inlet power only. Never use these devices for power output or receptacle. These devices must be wired dead and cannot be accidentally energized without a connector in place.

- Power inlet for powered food trolley carts
- Power charging inlet for fire trucks, ambulances and electric service vehicles
- Power charging port for electric battery cars or golf carts
- Power inlet for machines in tough environments
- Power inlet for portable temporary power panels

Also available in all black or customized - call Ericson

# **NEMA Configuration Adapters**

Now make quick, secure connections between straight-blade and locking plugs and connectors with Ericson's NEMA configuration adapters.

- Heavy-duty non-conducting housing and using heavy gauge solid brass blades
- Compact size makes them easy to use and transport
- Available in four of the most popular models

## **NEMA Configuration Adapters Selection Guide**

Catalog	NEN Configu		Description						
Number	Male	Female							
1705	$\mathbf{\hat{s}}$		Male 15A, 125V twist (L5-15P) to 20A, 125V straight (5-20R)

# Hospital Grade Perma-Link® Plugs and Connectors

The same rugged internal construction as our standard Perma-Link line is found in these units, and in addition they meet UL Hospital Grade standards. Designed for reliable long life, built to withstand exceptional abuse, these dead-front, back-wired devices save installation time, provide maximum protection and can be used for straight blade installations in hospitals, schools, and extended care facilities. Constructed of rugged polybutylene therephthalate (PBT) and a high-tech thermoplastic elastomer (TPE), they have passed tests for ground pin retention, ground resistance, face impact, ground temperature contact, fault current, line blade retention and abrupt removal.

#### INSULATED/INSTITUTION GRAY RUBBER COVER

White and light "institution" gray colors identify this style which provides superior insulation. They are clearly marked "Hospital Grade" and clearly marked with a green dot to signify UL Hospital Grade. Non-conductive cord clamp to accommodate cord sizes #16/3 SJ through #12/3 SO.

#### FAST WIRING CHECK THROUGH CLEAR COVER

White PBT and transparent polycarbonate housing identify this type which permits visual inspection of wiring terminations without disassembly. Impact resistance, and non-conductive. Cord clamp has removable insert to accommodate #16/3 SJTW through #12/3 SO cord sizes.

#### EML520R & EML630R

Ericson offers our same heavy duty receptacles that we use in our own Temporary Power Panels. These wiring devices are primarily used in our OSCAR series and can be used as replacement parts for those products. Features such as color coded screw terminals with combo heads for ease of wiring makes these superior devices the best choice.

#### PERMARY INK® 50Amp Locking Plugs and Connectors

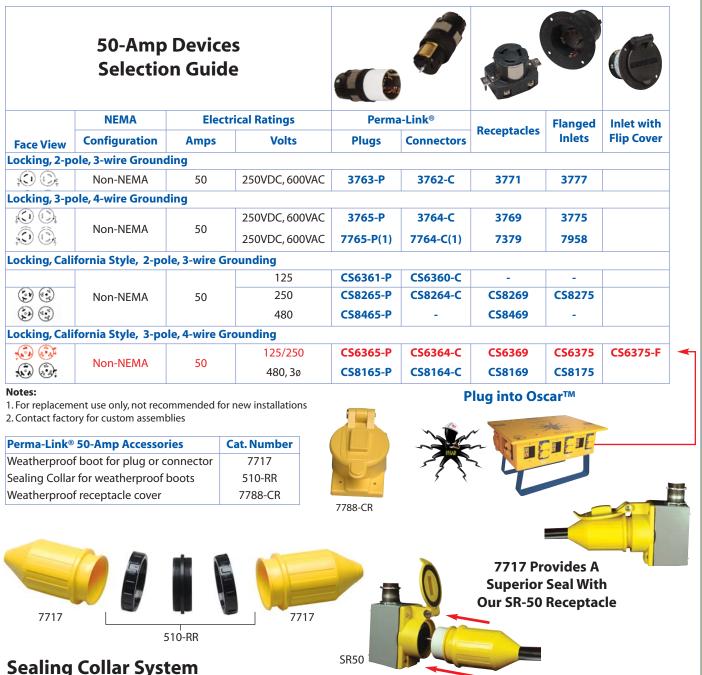

Ericson's 50 Amp plugs and connectors incorporate the latest technologies to provide wiring devices that are safer, faster to wire, lighter and easier to identify. These devices are available as plugs, connectors, inlets and receptacles and are available in 3 and 4 wire configurations.

WIRING DEVICES

- UL Listed, CSA Certified, CETLUS Listed
- Rugged nylon construction resists impact, corrosion and jobsite oils/chemicals
- Quick field assembly, no need to disassemble the entire device
- Nickel plated blades and stainless steel screws provide optimum corrosion resistance
- Optional heavy-duty weather-proof boots are available and provide added environmental protection and UV resistance
- Boots can be threaded together with the optional sealing collar system to provide maximum environmental protection
- Available in plugs, connectors, inlets and receptacles

#### Our exclusive sealing collar system is available to provide maximum moisture protection between cordsets. The two boots are securely sealed together with threaded polycarbonate rings.
