

Door Openers

Mortise

150 Series

The 154 mortise type door opener is a long service device, providing the security and convenience of remote control door-lock operation. This unit flush mounts in place of the regular door strike plate. The door remains locked until the opener is electrically actuated by a remote contact device. For AC models, use appropriate Transformer. See below table.

Features and Specifications

- Painted brass faceplate and nosing
- Fits left and right hand doors
- Easy installation
- Rugged, heavy duty construction
- For use in wood jambs and gating systems
