| Features | The In-Sure Push-In Wire Connector is perfect for residential, light commercial, lighting retrofit, and pre-fab wiring systems, or any other branch circuit wiring application where a traditional twist-on wire connector would be used. Simply push the wire in – the low insertion force makes it easy. The color-coded shell allows for quick identification of port configuration while the clear polycarbonate housing allows for visual verification of every connection. The ergonomic design is easier to grip which me |
