NON-CONDUCTIVE

PERMANENT 1' MARKINGS

DURABLE LEADER

The Advantages of Laser-Etched Markings

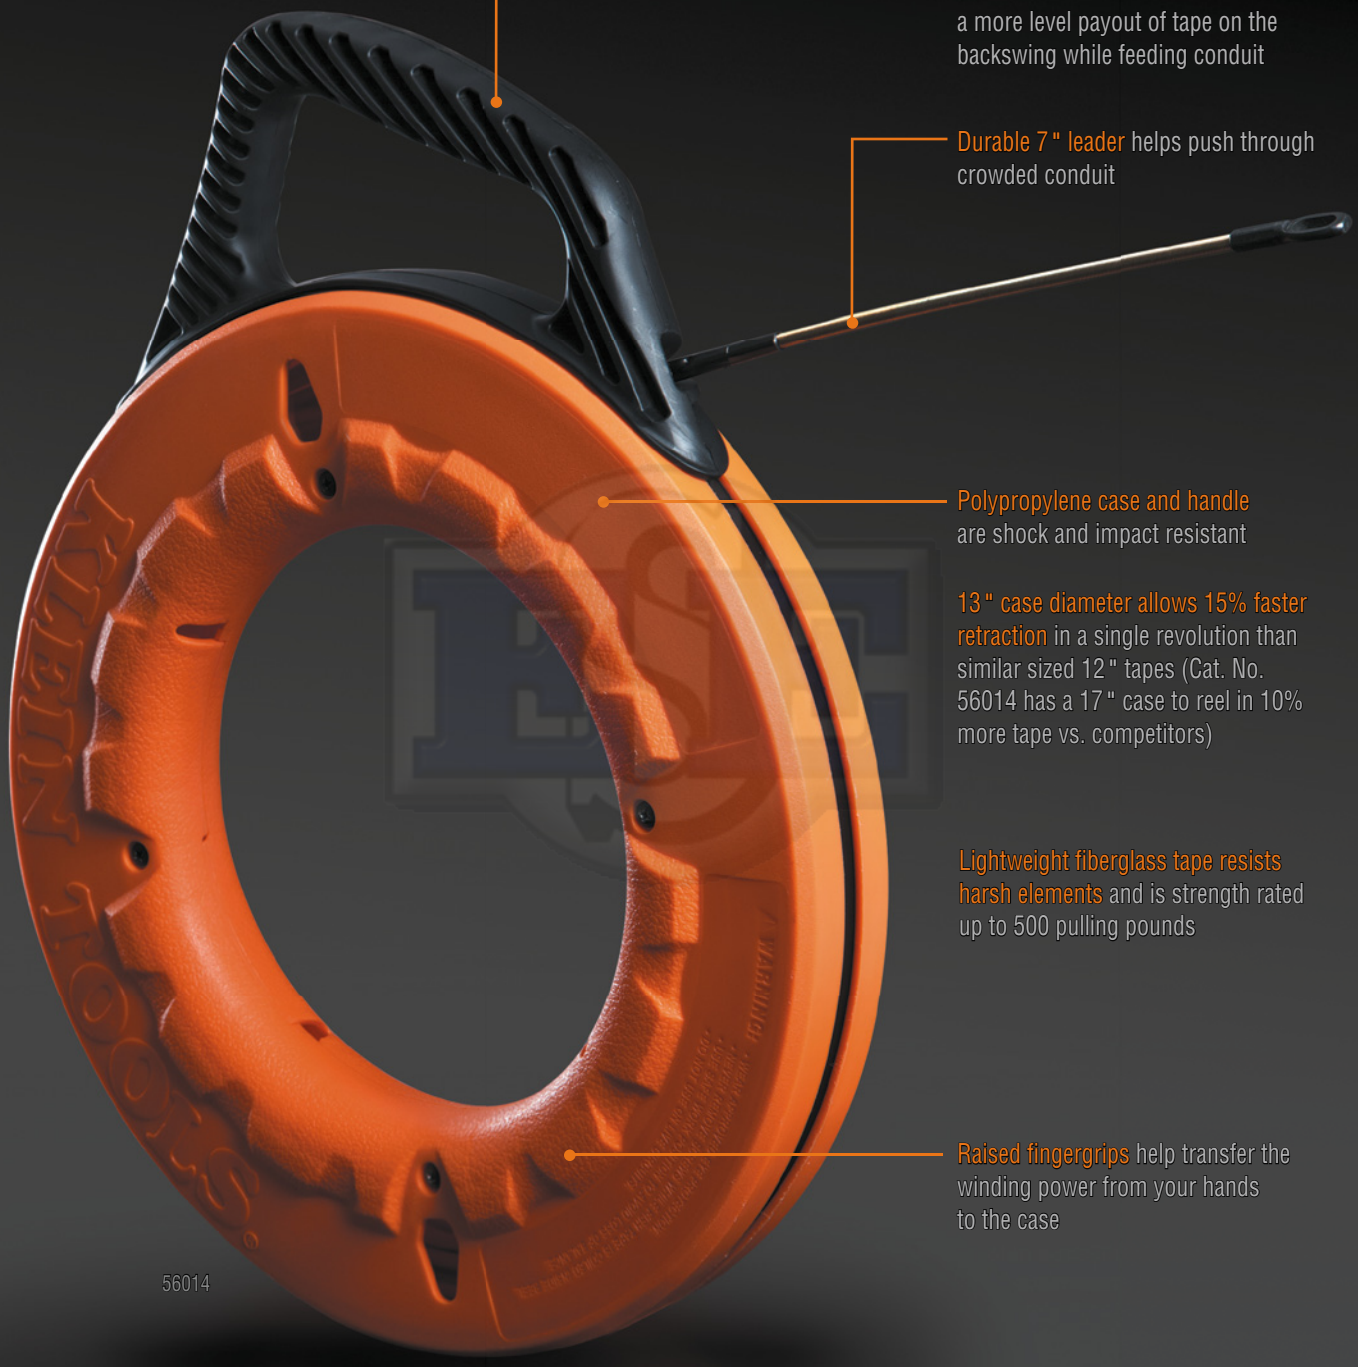

- Laser-etched in 1' increments allowing you to more accurately measure the depth of conduit runs.
- Descending markings let you know right away how much tape is left to pay out.
- Laser-etched markings are permanent. They won't rub or scratch off.

Laser-etched markings are also available on Klein® Steel Fish Tapes.
