Southwire™ | TOOLS & EQUIPMENT

# 1970 SERIES X-TREME BOX™

When there's a job to do…there's no time to fool around with power! Southwire's X-TREME BOX™ unit provides work-site power distribution that's economical, rugged, and most of all, safe! Now available in two versions to meet contractor demands. The new roll cage designs are constructed with a tubular steel frame for added durability and are vertically stackable for easy transports. The X-TREME BOX™ power distribution center is the only choice for your harsh jobsite conditions.

## PERFORMANCE

- Weather-proof receptacles and ciruit breaker cover
- Premium electrical components
- Rugged, heavy-gauge carbon steel
- Corrosion-resistant powder coat finish

## POWER

- 50A CA-style main inlet and oulet
- NEMA 30A locking receptacle with overload protection

## CONNECTIONS

- Six 20A receptacle
- One 30A receptacle
- Plug and play design with standard jobsite power

## SAFETY

- Overcurrent protected receptacles
- Dedicated GFCI module for each 20A outlet

BUILT FOR DURABILITY.
