

Features

- For PVC LB fittings \& is adaptable to most metal LB's
- One-man conductor installation
- Faster conductor installation - Installs in two positions to fit both 'Ends' of the LB

Part \#42200

Two hundred amp services ( $3 / 0$ wire) can be hard on your knuckles. The LB Wire Guide puts the wire in the pipe \& leaves the skin on your fingers.

## NUT SPINNER

## WIRE NUT INSTALLATION TOOL

- Fits most wire nuts (pigtails too)
- Fast, secure wire nut installation without pre-twisting conductors

Part \#89455

Do you prefer to twist your nuts or spin your nuts? Twisting is slow and can be painful, especially when carpal tunnel sets in. Why not spin your wire nuts with the NUT SPINNER? Much faster and easier, and it really cinches them up.
