Material, Color, and Finish

Finish Natural

Dimensions and Weight

Size 3 in

Descriptions

3" COMMERCIAL HUB Description

extra long description CRS-H CHB8 3 COMMERCIAL HUB **Features** The use of rigid/IMC conduit remains the preferred choice in

many applications because of the physical protection of

conductors and long service life of the installation.

Consequently, the need to terminate conduit into a box or enclosure creates the need for a hub. The Crouse-Hinds series commercial hub has been developed to provide a lightweight hub that installs quickly and easily, providing a secure termination.
