Descriptions

Description	LUG KIT - 1 CABLE CONNECTION FOR 200 MM SOFT START
extra long description	ETN EML23 LUG KIT-1 CBL CONNECTION
Features	Advanced intelligence. Compact footprint. The S811+/S801+ line of intelligent technologies soft starters is designed to be the smallest, most compact soft starter in the market today. With this small size, it can easily fit in place of existing soft starter designs, wye-delta starters or across-the-line NEMA and IEC starters. This feature allows easy retrofits of existing motor control centers or enclosures and saves the expense of replacing existing structures or adding a new one to house a soft starter.
Long Description	Eaton IT soft starter accessory, Terminal kit, #107-250 kcmil, 1 cable connection, Frame T,U
Product Type	Lug Kit-1 CBL Connection For 200 MM RVSS
