

PERFORMANCE FLEXIBILITY

Built strong for tough, low mount environments

ACCESSORIES [ORDER SEPARATELY]

TOP VISOR [SF/V-XX]
Easy to install top visor accessory provides additional cutoff and glare control.

VANDAL SHIELD [SF/VS]
Easy to install polycarbonate vandal shield lens provides durable protection against projected objects.

WIRE GUARD [SF/WG]
Easy to install wire guard features a heavy-gauge welded construction with corrosion resistant polyester powder coat finish. Protects glass from projected objects.

TAMPER-RESISTANT SCREW [SF/TR]
Easy to install stainless steel tamper resistant screw secures toolless latch and discourages entry into the unit from vandals.

FLOODLIGHTING

SF FALCON

LOW WATTAGE FLOODLIGHT

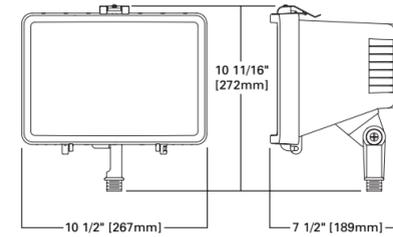

LUMARK®

APPLICATION

The Falcon floodlight can be wall, pole, or ground mounted making it ideal for all commercial, industrial, and residential low wattage floodlighting applications.

35-175W MH/HPS
26-70W PL

DOOR + LATCH

Tempered glass lens is impact and thermal shock resistant. Easily released die-cast aluminum doorframe with stainless steel toolless latch allows easy access for re-lamping. Enclosure latch can be secured with a single point stainless steel screw, provided, or with optional vandal resistant head.

HOUSING

Die-cast aluminum housing is finished in weather and abrasion resistant dark bronze polyester powder paint. Optional colors are available.

GASKET

Full-circumference silicone gasket seals out external contaminants.

SOCKET

Pulse rated, 4KV, medium-base porcelain lamp socket standard for HID. Electronic compact 4-pin fluorescent sockets standard for PL lamp options.

REFLECTOR

Formed aluminum hammered reflector optimizes beam efficiency and control.

MOUNTING

Adjustable ANSI 1G rated stem mounting arm fits 1/2" NPS outlet box cover. (RBC round outlet box cover not included, order separately). Optional heavy-gauge steel adjustable trunnion mounting provides additional durability when required.

FALCON FLOODLIGHT

Low Wattage Floodlight

COOPER Lighting

FALCON FLOODLIGHT

Low Wattage Floodlight

HIGH OUTPUT + SMALL PACKAGE

Powerful illumination in a small package defines the Falcon floodlight series. Ideal for illuminating signs, walkways or highlighting architecture, the Falcon bridges high efficiencies and rugged construction making it ideal for any general purpose floodlighting application.

OPTICAL FLEXIBILITY

Offered in HID and Compact Fluorescent lamp sources, the Falcon is available in wattages up to 175W MH, 150W HPS H.I.D. and 26-42W, twin 26-32W Compact Fluorescent and now 60W PLH Compact Fluorescent. Leveraging the instant restrike advantages of fluorescent with the high output, cold weather capabilities of HID sources, PLH lamp technology offers -20°C cold weather starting and a 20,000 hour lamp life.

BUILT TOUGH

Built strong for tough, low mount environments, the Falcon knuckle and fixture assembly is vibration rated to 1G in three (3) unique planes and is offered with optional vandal shields and wire guards for additional protection against man made and environmental hazards. For additional strength in mounting, a rugged trunnion mounting option is available.

[Trunnion-Mount]

[Knuckle-Mount]

LAMP TECHNOLOGY
PLH lamp technology offers -20°F cold weather starting and a 20,000 hour lamp life.
