JDL Time-Delay Fuse

JDL20

UPC:782634803386

Dimensions:

- **Height:** 2.25 IN
- **Length:** .81 IN
- **Width:** .81 IN

Weight: .9 LB

Warranties:

- Not Applicable

Specifications:

- **Type:** Dual-element, Time-delay
- **Special Features:** Non-indicating
- **Application:** General purpose circuits with inductive (high inrush) loads, including motor and motor branch circuits, transformer circuits, and lighting loads
- **Amperage Rating:** 20A
- **Voltage Rating:** 600 Vac
- **Interrupt Rating:** 200 kAIC
- **Fuse Indicator:** Non Indicating
- **Packaging Type:** Standard
- **Class:** Class J
- **Quantity:** 10 per carton
- **Number Of Elements:** Dual

Supporting documents: No Data

Certifications: No Data

Product compliance:

- CE Marked
- RoHS Compliant
