Uses, Certifications, and Standards

Application

The NMCB-3 is provided with nails for use on wood studs or 3/4" thick furring strips to position non-metallic sheath cable. Capable of positioning up to five 14/2 to 10/3 AC or MC cables or two 14/2 NM cables in each of three rectangular slots. May also be used to be attached to metal studs or enclosures, or concrete block with #6 round head screws. Mounts in either horizontal or vertical direction. Low voltage design and unique dimpled slots prevent accidental removal of cables.

Mounting
standard

Mounts in either horizontal or vertical direction.
