

LED under cabinet solutions Enhanced ambiance, safety, and efficiency

NUC-4 **LED** Under Cabinet

LED Under Cabinet | Hardwired | Linkable | High/Low/Off Switch

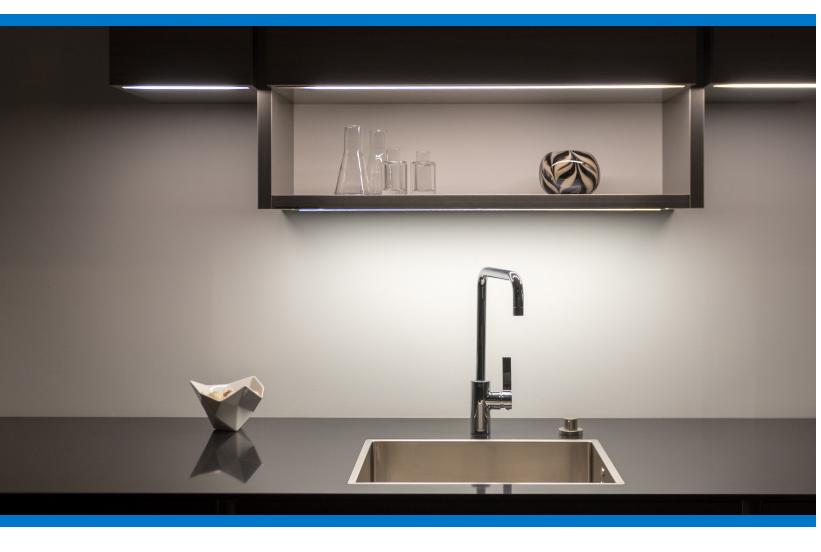

Increase the value and functionality of your work space with the **NUC-4 LED Under Cabinet Series**

Whether in a kitchen, under a shelf, or in a defined work space, these low profile fixtures are perfect for task or accent light levels. The NUC-4 LED Under Cabinet Series presents a clean, professional look allowing you to use an existing wall switch or dimmer to easily control your lighting.* This energy efficient lighting solution is not only affordable, but offers even more flexibility with three key choices, including a direct hardwire, a linkable with plug and play, and a high/low/off switch option. Featuring a 1" slim line design with warm color tones designed to enhance any application, the NUC-4 Series offers a greater than 90 CRI with R9 greater than 50, making colors more vibrant and accurate to the naked eye.

The NUC-4 Series provides softer, more uniform illumination with a specially designed diffuser that eliminates hot spots on counter surfaces. These linear fixtures are Energy Star rated, CEC Title 24 compliant*, and offer over 20 years of maintenance free operation. Available in five lengths and in four decorative colors, the NUC-4 Series' cool operating temperature and warm natural color makes this energy efficient family a great choice for accent, office, cove, task and display lighting.

*Excluding High/Low/Off

*High/Low/Off fixture is not dimmable

NUC-4 Product Specs

Construction

Low profile aluminum housing Extruded aluminum housing for durability and ample heatsinking Low 1-inch profile keeps the fixture unobtrusive and out of view No UV or forward-projected heat UL Listed for damp locations

Optical System

Even lighting with specially designed diffuser to prevent "hot spots" on counter tops

Electrical

Greater than 90 CRI with R9 greater than 50 61-1136 Lumens (varies by length) Hardwire and linkable dimmable with most TRIAC dimmers less than 10% High/Low non-dimmable at 100% on high and 30% on low Custom low-profile driver engineered for optimal dimming (except for High/Low/Off) Operating temperature rating of 0° F to 120° F (- 18° C – 49° C) 120V line voltage no transformer L70 rated for greater than >36,000 hours TM-21 Projected L70(6k) life >100,000 hours LM-79, LM-80 testing performed in accordance with IESNA standards

Finish

Available in: Black, Nickel, White, and Oil-Rubbed Bronze

Installation

Easy surface mount installation Pre-installed captive screws allow for quick mounting Positive latch door for easy access and installation Versatile knockout selection allows for multidirectional wiring except 8"

Linkable Version Benefits

Linkability allows for more flexible installation with one power source Linkable accessories available: Connectors, Conversion Kit, Jumper Cables and Plugs (see ordering information for complete details)

Warranty

5-year limited system warranty standard
