| extra long description | LUT PD-6WCL-LA Cas?ta Smart Dimmer                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Features               | The Caseta Wireless Dimmer Switch works with up to 150 W of dimmable LED or 600W of incandescent/halogen. Existing hardwired 3-way switches will not work with this dimmer, for 3-way and multi-location applications Pico remotes must be used with this dimmer. Replace the existing switch with a Pico remote control and wall plate adapter to dim from every location (PICO-WBX-ADAPT sold separately). Use the Lutron Smart Hub (L-BDG2-WH) to connect the Caseta Smart Lighting Dimmer Switch to more leading smart home |
| Long Description       | Lutron Caseta Wireless Smart Lighting Dimmer Switch, 120V, 150 W LED, Light Almond                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Product Type           | Cas?Ta Smart Dimmer Switch Light Almond                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Special Features       | Controls 150 W LED/CFL (screw-base) or 600 W incandescent/halogen loads. Simple, intuitive design with on, off and raise/lower buttons. Provides true dimming from each location with Pico wireless remotes. Provides reliable dimming of dimmable LEDs/CFLs, as well as halogens and incandescents.                                                                                                                                                                                                                            |
