| Description | EASY TWIST CRIMP SLEEVE S |
| extra long description | NSI SB1810S Crimp Sleeve 18-10 Stee |
| Features | Connecting wires is faster and easier than ever with the professional performance features of Easy-Twist wire connectors from NSI. The steel crimp sleeve wire connector provides a quick, economic and vibration-resistant way to form permanent connections in most applications. Simply twist your wires to form a connection, then slide the sleeve "sometimes called a ground cap" down to the twist and crunch it tight with adjustable pliers or a specialized crimping tool. We designed these brass-plated steel cri |
| Long Description | The Easy-Twist SB1810S 100-Count Pack of Steel Crimp Sleeve Wire Connectors are designed for use on wires in the 18-10 AWG size range. The simple brass-plated sleeve design forms low-resistance connections in a tight space and installs using a specialized crimp tool or adjustable pliers. Use crimp sleeves to permanently connect wires in grounding, uninsulated or small motor applications where vibration resistance is a concern. |
