

Allows for snug-to-wall placement of your flat-screen TV and handles up to 12 multimedia connections, while the surge-protective outlet protects costly electronics from potentially damaging surges.

Features & Benefits

Recessed design saves space and simplifies connections to cable or satellite boxes, DVRs, DVD players, surround-sound systems and more.

Flexible : position either line voltage or low-voltage in all three openings.

Molded-in template and rectangular cut-out.

Metal swing brackets ensure a solid mounting.

Accepts all P&S keystone low-voltage connectors, including Cat 5e and F-Connectors (both supplied with Surge Protective kit), as well as RCA and audio binding posts.

Clean, flush-mount appearance : snap-on end caps hide mounting screws.

Low-voltage connectors offer both terminated and pull-through capability, so plugs and multimedia connections stay recessed behind the surface of the wall.

Accepts standard TP wall plates.

Uses old-work-style boxes for line voltage.

Specifications

General Info

Product Line	Pass & Seymour	Color	White
UPC Number	785007001259	Country Of Origin	United States
Material	Plastic	Features	Recessed, Surge Protection
Application Sector	Residential	Warranty Type	1-Year Limited Warranty
Type	Recessed TV Boxes, Surge Protective Device		

Dimensions

Product Width US	4.875 in	Product Depth US	2.25 in
Product Length US	7.25 in		

Additional Information

RoHS Compliant	Yes
