

Steel Plugmold® Raceway & Multioutlet Assemblies

Steel Plugmold® Multioutlet Systems are available in a wide selection of lengths and fittings and a variety of finishes to provide a versatile solution for many applications. Steel Plugmold options include single or alternating circuits, standard, or isolated ground receptacles, Snapicoil® harnesses of prewired receptacles, and cord-ended units.

Steel Plugmold® Multioutlet Systems are available in either a black or ivory ScuffCoat™ finish, a white or gray painted enamel finish, or in rugged stainless steel. The ScuffCoat finish is scratch resistant and protects against nicks and chips while preventing color from fading. The enamel finishes are neutral colors that work with many types of decor or can be painted to integrate with most color schemes. Stainless steel Plugmold raceway is both durable and aesthetically pleasing.

Plugmold systems are available in a variety of colors and configurations.

FEATURES & BENEFITS

- **GFCI protection.** Provides protection to the entire strip and any other receptacles downstream. 
- **USB Charging.** Charge mobile devices quickly with two charging ports. (2.4 Amps combined.) 
- **Steel construction.** Provides superior strength and durability for any dry location installation.
- **Many finishes.** Choose from black or ivory ScuffCoat finish, white or gray enamel, or stainless steel.
- **Compact, low profile appearance.** Enhanced aesthetics and ideal for installations within minimal space.
- **Full range of fittings.** Provides flexibility for multiple wiring solutions and installation options.
- **Single, alternating circuit, and isolated ground receptacles available.** Wiring options to meet virtually any job requirement.
- **Variety of lengths.** Installed power in different sized spaces and locations.
- **Receptacle spacing options.** Select the right configuration for your application.
- **Snapicoil harnesses with different lengths and receptacle spacing.** Offers a solution for many electrical requirements.
- **Tamper-resistant.** Tamper-resistant Plugmold Multioutlet Systems meet 2011 NEC section 406 requirements.
- **Duplex receptacle.** Aesthetically pleasing, functional 20A duplex receptacles are available for the 24S (2400) Series.
- **Single- and dual-gang boxes available.** Wire devices directly into the raceway system.
- **Customization available.** Plugmold raceways and multiputlet systems can be modified to accommodate virtually any application or aesthetic need.
- **cULus Listed.** Safety and reliability in the applications.

Steel Plugmold systems shown in typical applications.

Plugmold 2000 Series Raceway Fittings Ordering Information

Catalog No./Item	Description/Specifications
------------------	----------------------------

2000*

Base and Cover –
 Base – 2000B .040" [1.0mm] steel.
 Cover – 2000C .025" [.6mm] steel.
 Supplied with two (2) 2010B Blank End Fittings and (1) 2001 Base Coupling.

Cross-Sectional Area:
0.80in² [516mm²]

ITEM	CAT NO.	LENGTH	MATERIAL
Base	2000B-5*	5' [1.5m]	.040 Steel
Cover	2000C*	5' [1.5m]	.025 Steel
Base & Cover	2000BC*	5' [1.5m]	.025 Steel

V2003
2003

Supporting Clip – For temporary support, while positioning lengths of raceway base. Use with V/G 2000 Series. V2003 has ivory finish, 2003 has plated finish.

* "V" prefix indicates Ivory ScuffCoat™ finish, "G" prefix for Gray enamel finish, "BK" for Black ScuffCoat™ finish, "WH" for white enamel finish, and "S" for stainless steel finish.

Catalog No./Item	Description/Specifications
------------------	----------------------------

W30
W30G

1 5/16" [33]

Pressure-Type Wire Connectors–
W30 – For common connection of two, three, or four No. 12 or No.14 solid copper conductors (White).
W30G – For connection of equipment grounding of 2, 3, or 4 solid conductors No. 14 or No. 12 AWG (Green). 300V maximum; 20A 105° C maximum.

NOTE: Not for use with aluminum conductors.

2000WC

Wire Clip – Holds conductors in place in raceway.

2001

Coupling – For joining lengths of 2000 Series Raceway Base.

BK2006*
G2006*
V2006*
WH2006*
S2006*

Cover Clip – For covering joint where lengths of cover or base adjoin. Use with 2000 Series.

*Wire capacity limited to maximum of seven conductors due to .025" [.6mm] material thickness of cover.

**Including one hot, neutral, and ground wire from the receptacle.

Wiring Configurations

			With Snapicoil	
GB Series: 3-wire, #12 THHN (1 hot, 1 neutral and 1 ground), 1 circuit; has insulated grounding conductor.	GBA Series: 4-wire, #12 THHN (2 hot, 1 neutral and 1 ground), 2 circuit; outlets wired alternately; has insulated grounding conductor.	IG Series: 3-wire, #12 THHN (1 hot, 1 neutral and 1 ground), 1 circuit; has insulated-isolated grounding conductor. Orange receptacles.	GB Series: 3-wire, #12 THHN (1 hot, 1 neutral and 1 ground), 1 circuit; has insulated grounding conductor.	GBA Series: 4-wire, #12 THHN (2 hot, 1 neutral and 1 ground), 2 circuit; outlets wired alternately; has insulated grounding conductor.

NOTE: SNAPICOIL REELS on custom order. Snapicoil harness is available on reels if lengths greater than 50' are needed, or if multiple lengths are required for production-type jobs. The maximum length per reel is 240' for Snapicoil with outlets 12" and 18" on centers; 500' with outlets 30" on center. Packaging includes the necessary number of lengths of base, holecut cover, wire clips, and couplings for complete installation. Price and delivery information should be obtained prior to specifying or ordering. To specify or order, add "R" to the Snapicoil number. Ex: V20GB12R. Other outlet spacings available on custom order.

Receptacles are made from high impact thermoplastic. Snapicoil packaging includes the necessary lengths of 2000B Base, 2000C Hole Cut Cover, 2000WC Wire Clips, and 2001 Couplings for complete installation.

NOTE: For 2000 Plugmold Series, add color codes to the beginning of part number as a prefix to designate the color. Use "V" for Ivory ScuffCoat™ finish, "G" for Gray enamel finish, "BK" for Black ScuffCoat™ finish, "WH" for white enamel finish, and "S" for stainless steel finish. Receptacle colors match raceway colors except for stainless steel which has black receptacles and isolated ground versions which have orange receptacles.

* 2000 Plugmold Series is supplied with two (2) 2010B Blank End Fittings and one (1) 2001 Base Coupling.
