① For other than standard marking, see page C59 and order separately or as modified products.

② Lens color suffix listed in modifications, page C50. Unless different lens colors are specified by proper suffix catalog number, red lens will be provided.

③ Pilot light transformers also listed in modifications. Add suffix to cover assembly catalog number.

④ Pilot light transformers will not fit in these assemblies. When transformer is desired, use SWB-14, indicating conduit openings required from chart on page C52 of this section. See page C50 for required transformer suffix. One transformer required for each lamp. For control stations with 1" conduit openings or for multi-gang assemblies, order cover and box as separate components.
