

## DESCRIPTION

The Lumark Warrior offers a variety of lamp and mounting options in high pressure sodium and metal halide, and can be installed, lamped and serviced with the most basic tools. U.L. listed and labeled for wet locations. CSA certified. The Warrior is the ideal floodlight for many area outdoor lighting situations, including parking lots, construction and storage sites, rail yards, light industrial locations, marinas and service areas.

## SPECIFICATION FEATURES

### Construction

**RETAINING SCREWS:** Corrosion-resistant captive retaining screws.  
**HOUSING:** Weather-resistant, die-cast aluminum housing with integral door hinges is finished in dark bronze polyester powder coat.  
**HOUSING DOOR:** Watertight die-cast aluminum housing door is finished in dark bronze polyester powder coat. Cast ridge for water tight seal against gasketing.  
**GASKET:** Full circumference, high-temperature foam-in-place silicone gasketing seals out external contaminants.

### Electrical

**SOCKET:** Mogul-base porcelain socket, except 100W Metal Halide and below has medium-base.  
**BALLAST:** High power factor ballast with class H insulation. Minimum starting temperature is -40°C (-40°F) for HPS and -30°C (-20°F) for MH and MP. Medium base socket for MH 150W and lower.

### Optical

**REFLECTOR:** Specular aluminum reflector delivers sharp beam cutoff. **LENS:** Clear tempered-glass lens is heat and impact-resistant.

### Mounting

Variable mountings of either 3/16" galvanized steel trunnion (shown below) or integral die-cast aluminum slipfitter (shown in photo to right). Slipfitter fits 2 3/8" - 3" O.D. tenon. Heavy-duty steel yoke provides flexibility in mounting and aiming from a variety of surfaces.
